Holidays which appear with an asterisk (*) are days on which classes are recessed and offices are closed. All administrative, academic and operations departments will be open for service during the remaining holidays. The holidays in which The College remains open are called Energy Holidays. Employees who work on Energy Holidays may earn Energy Leave time at a rate of 1.5 times the hours worked.

Energy Leave Program
In support of its commitment to sustainability and energy savings and to promote work life balance for our employees, The College offers an Energy Leave Program for eligible employees. Employees who work on energy designated holidays, as noted above, earn leave that is used at designated times during the summer months and winter break. The Energy Leave Program also includes extended work days Monday through Thursday during designated summer weeks with Fridays off.

Donated Leave Program
The Donated Leave Program enables eligible College of New Jersey employees to voluntarily donate a portion of their earned sick and/or vacation time to other TCNJ employees who have exhausted their own earned leave and who are suffering from a catastrophic health condition or injury which is expected to require a prolonged absence from work.
Voluntary Furlough Program
The Voluntary Furlough Program is intended to reduce salary costs and thereby lessen the need for reductions in the workforce by allowing employees to take up to 30 days off from work without pay in a calendar year without adversely affecting certain benefits.

Unlike an unpaid leave of absence, a furlough would allow many employee benefits to remain in force. Employees retain seniority, continue eligibility for promotional opportunities and employment lists, and there will be no change in the anniversary date. Employees will also continue coverage by The College’s health benefits plans while on furlough.

Insurance Benefits

Worker's Compensation
Employees who incur work related injuries or illnesses are eligible to receive medical treatment through the New Jersey Worker's Compensation Program. Under this program the employee's initial medical treatment is scheduled through the Office of Human Resources and coordinated by Horizon Casualty Services, a managed care service contracted by the State of New Jersey.

Employees may set aside up to $130 per month in 2015 for qualified mass transit expenses and/or $250 per month in 2015 for qualified parking expenses. The Commuter TaxSave Program allows an employee to opt in and out or change amounts on a monthly basis. Eligible employees may enroll in the program or end participation at any time during the year and may change deductions as often as they like during the year. Once an employee has enrolled, the employee remains enrolled for all subsequent months at the same level of participation until the employee makes a change to the deduction amounts or elects to end participation. Commuter TaxSave benefits are provided by Transit Center, Inc., a public nonprofit corporation that administers the program under a contract with the State of New Jersey. An eligible employee enrolls by contacting Transit Center directly. Enrollment can be done through an Integrated Voice Response Unit by calling 1-888-618-2435, or over the Internet at: www.mycommutertaxsave.com

Education Benefits

Tuition Reimbursement Program (AFT only)

Employees enrolled in a terminal degree or certification program directly related to their work duties at an accredited college or university other than TCNJ may be eligible for tuition reimbursement. Reimbursement is given only for courses taken at accredited colleges or universities other than The College of New Jersey.

AFT Spouse/Civil Union Tuition Waiver Program
The Spouse and Civil Union Tuition Waiver Program is intended to support the College’s mission of attracting, recruiting and retaining qualified employees by providing an additional incentive. The program provides partial (40%) tuition remission to the eligible spouse or civil union partner of AFT represented full and part time employees during their matriculated undergraduate enrollment at The College of New Jersey.

For more information on the Tuition Waiver and Tuition Reimbursement Programs, visit the Office of Human Resources’ website at http://www.tcnj.edu/~hr/benefits/index.html.

NJBEST 529 College Savings Program
NJBEST is a 529 College Savings Plan created by the State of New Jersey. Participants can use NJBEST assets to pay for qualified expenses at any accredited post-secondary school in the United States and many institutions outside the U.S, but students who pursue their higher education in New Jersey can receive an extra benefit for their freshman year—a tax-free scholarship. Employees saving for college for their families may contribute to the program through a payroll deduction. More information can be obtained at the web site http://www.njbest.com.

The Pennsylvania 529 College Savings Program
Sponsored by the Commonwealth of Pennsylvania and administered by the Treasury Department, the Pennsylvania 529 College Savings Program offers a range of resources specifically designed to help families save for college. There are two 529 college savings plans: the Pennsylvania 529 Guaranteed Savings Plan (GSP), which is tied to the rate of college tuition inflation, and the Pennsylvania 529 Investment Plan. Like the NJ 529 program, employees may contribute to the program through an automatic payroll deduction. For more information, go to the website http://pa529invest.s.upromise.com/index.html.

Pension and Retirement Planning
Mandatory Retirement Programs
The College of New Jersey participates in the State of New Jersey public employee pension programs. Participation is required for all eligible employees. All permanent employees are eligible for enrollment on first day of employment. Temporary employees are eligible after one year of employment. Employees are enrolled in a retirement program according to their individual job classification.

The Alternate Benefit Program (ABP)
The Alternate Benefit Program (ABP) is a tax-sheltered, defined contribution retirement program for higher education faculty and certain administrators. The ABP provides retirement benefits, life insurance and disability coverage, which when combined with Social Security and other tax-deferred plans can provide security in retirement. Full-time and adjunct faculty, part-time instructors, visiting professors and administrative staff required to possess a 4 year college degree or its equivalent may participate in the ABP. Members annually contribute 5% of base or contractual salary matched by an 8% employer contribution to a tax-deferred investment account. This account may be established with any of the current authorized carriers: VALIC, AXA - Equitable, The Hartford, Voya Financial Services, MetLife, TIAA-CREF and Prudential. Additional voluntary federal tax-deferred contributions under Internal Revenue Code, Section 403(b), may also be made, based on the actual base salary paid less the mandatory 5% member contribution.
Defined Contribution Retirement Plan (DCRP)
Part time employees who are not eligible to enroll in the PERS or TPAF may enroll in the DCRP. Employees contribute 5.5 percent of the base salary to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division of Pensions and Benefits. Member contributions are matched by a 3 percent employer contribution.

Voluntary Retirement Programs

Additional Contributions Tax-Sheltered (ACTS) Program
The Additional Contributions Tax-Sheltered (ACTS) Program allows eligible employees to obtain supplemental tax-deferred annuities with a variety of carriers through a salary reduction agreement. Participants can direct voluntary contributions among six authorized investment carriers. Each carrier provides a selection of investment choices to meet the needs and goals of retirement planning. Investing is currently available through Voya Financial Services; MetLife; AXA - Equitable; The Hartford; TIAA-CREF; and Valic.

Deferred Compensation
The New Jersey State Employees Deferred Compensation Plan (NJSEDCP) provides eligible employees an opportunity to voluntarily shelter a portion of wages from federal income taxes while saving for retirement to supplement the Social Security and pension benefits. Under the Plan, federal income tax is not due on deferred amounts or accumulated earnings until you receive a distribution (payment) from your account. Presumably, distribution is at retirement when your tax rate is expected to be lower. The NJSEDCP, governed by the guidelines of Internal Revenue Code Section 457 and the laws of the State of New Jersey, is administered by Prudential Financial for the State of New Jersey.

MAKING CHANGES DURING THE YEAR
The elections you make either as a new hire or during Open Enrollment will generally remain in effect throughout the calendar year. Open Enrollment usually occurs in October with changes taking effect on January 1st. You may change your benefit elections during the year only if you have a “qualifying life event” as defined by the IRS. These include:

- Gain or loss of legal custody of a child
- Qualified medical child support order
- Birth, adoption, or placement of a child for adoption
- Death of a dependent
- You, your spouse or your dependent child becomes entitled to Medicare or Medicaid
- A dependent’s 26th or 31st birthday, change in status, or otherwise no longer qualifying as your dependent
- A change in you or your spouse’s employment status that results in a change in benefits eligibility such as start or end of employment; significant reduction in coverage or providers; loss of coverage; significant increase in cost of coverage; etc.

If you have a qualifying life event and want to make a change in your benefit plans or coverage level, you must submit your request to Human Resources within 60 days of the event.

Please visit the Human Resources area of the College of New Jersey website at www.tcnj.edu for more detailed information about our benefit offerings.
